OUR STORY

(de)signed on stone

Dopo un'esperienza di oltre trent'anni nell'estrazione e trasformazione delle pietre naturali e dei marmi, TWS nel 2016 dà vita a Trame di Pietra®, un progetto basato sul connubio tra ricerca, solida conoscenza delle pietre naturali e creatività di architetti e designer. Trame di Pietra offre una nuova interpretazione dei materiali classici come la pietra e il marmo: **nuove ed inedite texture e pattern trasformano la materia creando superfici uniche, idonee per la realizzazione di pavimenti e rivestimenti.**

Piccole e semplici linee si intrecciano con la pietra e le sue diverse sfumature, creando un movimento che dona pregio e fascino alla materia stessa.

La semplicità dello stile, il pregio della materia e la cura sartoriale nella creazione della texture sono i punti di forza di un prodotto che trova la sua massima espressione nell'incontro con la creatività e la progettualità.

After a thirty years experience on extraction and transformation of natural stones and marbles, in 2016 TWS creates Trame di Pietra®, a project based on research, high expertise on natural stones and creativity of architects and designers. The goal of the project is proposing an innovative interpretation of classic materials as stone and marble: **new and unique textures and patterns transform the material in exquisite surfaces, suitable for flooring and wall coverings.**

Small and simple lines meet the stone and its different tones creating unique movements that give value to the material.

Simplicity of the style, value of marble and stone, care and ability of dealing with such a classic and noble material are the key strengths of these products that find the best expression when they meet creativity and projects customization.

NATURAL STONE
AND MARBLE

heArt of stone

Scegliamo solo le migliori tipologie di marmo e pietra naturale per offrire ad architetti e progettisti i materiali più ricercati.

Trasformiamo la materia senza alterare in alcun modo la sua natura. **Creiamo rivestimenti in pietra dalle texture “tono su tono”,** incise sulla superficie con potenti giochi di chiaroscuro, **la cui bellezza viene esaltata dal tempo facendo risaltare le naturali imperfezioni del materiale.**

.....

We select the finest marbles and natural stones to provide architects and designers with the most sought-after materials.

We transform natural stone without altering its nature, **creating micro-engraved surfaces “ton sur ton”,** with light and shade effects, **where time enhances all the beautiful and precious imperfections of the materials.**

Natural Stone

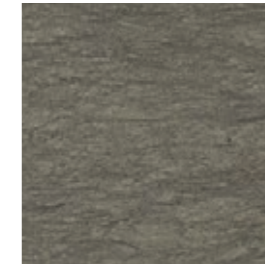

AVORIO

Il calore di una pietra senza tempo, che sa scaldare ogni progetto con la sua nuance neutra, morbida e versatile.

A soft and timeless stone, able to warm up each project with its own nuance neutral, tender and versatile.

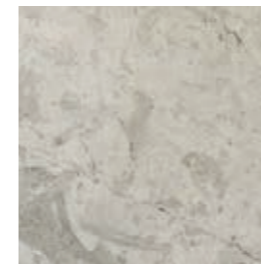

GRIS BRUNE

Calda ed omogenea: una pietra naturale caratterizzata da un colore inedito ed estremamente elegante.

Warm and uniform: a natural stone identified by a unique and extremely elegant color.

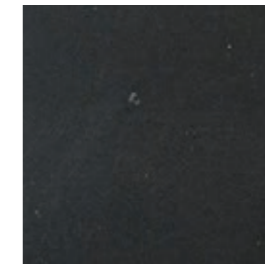

GRIS NUAGE

Una pietra naturale dallo stile intrinseco, caratterizzata da un grigio tenue e da piccole venature.

A stone with a natural style, characterized by a soft grey and small veining.

NOIR

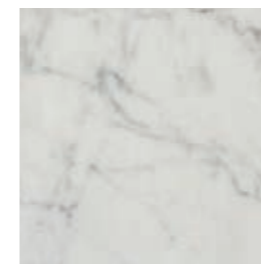

Assoluta ed essenziale: questa pietra naturale saprà dare valore ad ogni stile, dal classico al contemporaneo.

Basic and pure: this natural stone will give value to every style, from classic to contemporary.

ORGANIKA

timeless beauty is a matter of time

Una nuova sinergia tra gli effetti di superficie di “Trame di Pietra” e la tecnica di trasformazione della collezione “Pietre Mediterranee”, brand storico della TWS. Le texture e i pattern abbandonano le forme regolari per assumere tratti più morbidi e sinuosi.

Una nuova finitura, dalle **piccole irregolarità sulla superficie e dai bordi burattati**, che dona alla pietra naturale un fascino e un aspetto antico dal grande impatto visivo e tattile. Da questa ispirazione la definizione di un concetto contemporaneo: **Organika**.

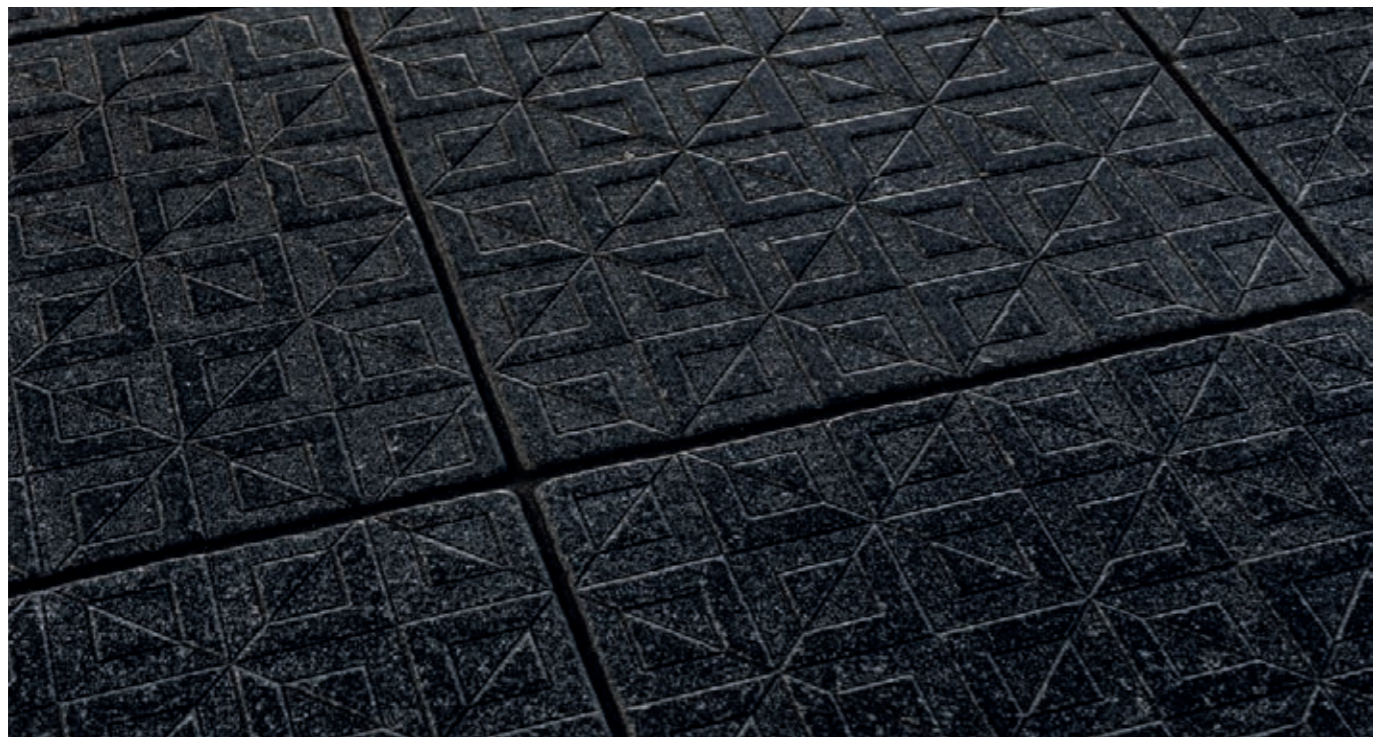

A new synergy between “Trame di Pietra” surfaces and the production technique of “Pietre Mediterranee” collection, the history of TWS. Textures and patterns leave the pure and straight lines to embrace softer and more sinuous shapes.

A new finish, with **small imperfections on the surfaces and tumbled hedges**, that gives charm and an antique look to natural stone. Inspired by this idea, we defined a new contemporary concept: **Organika**.

PORCELAIN

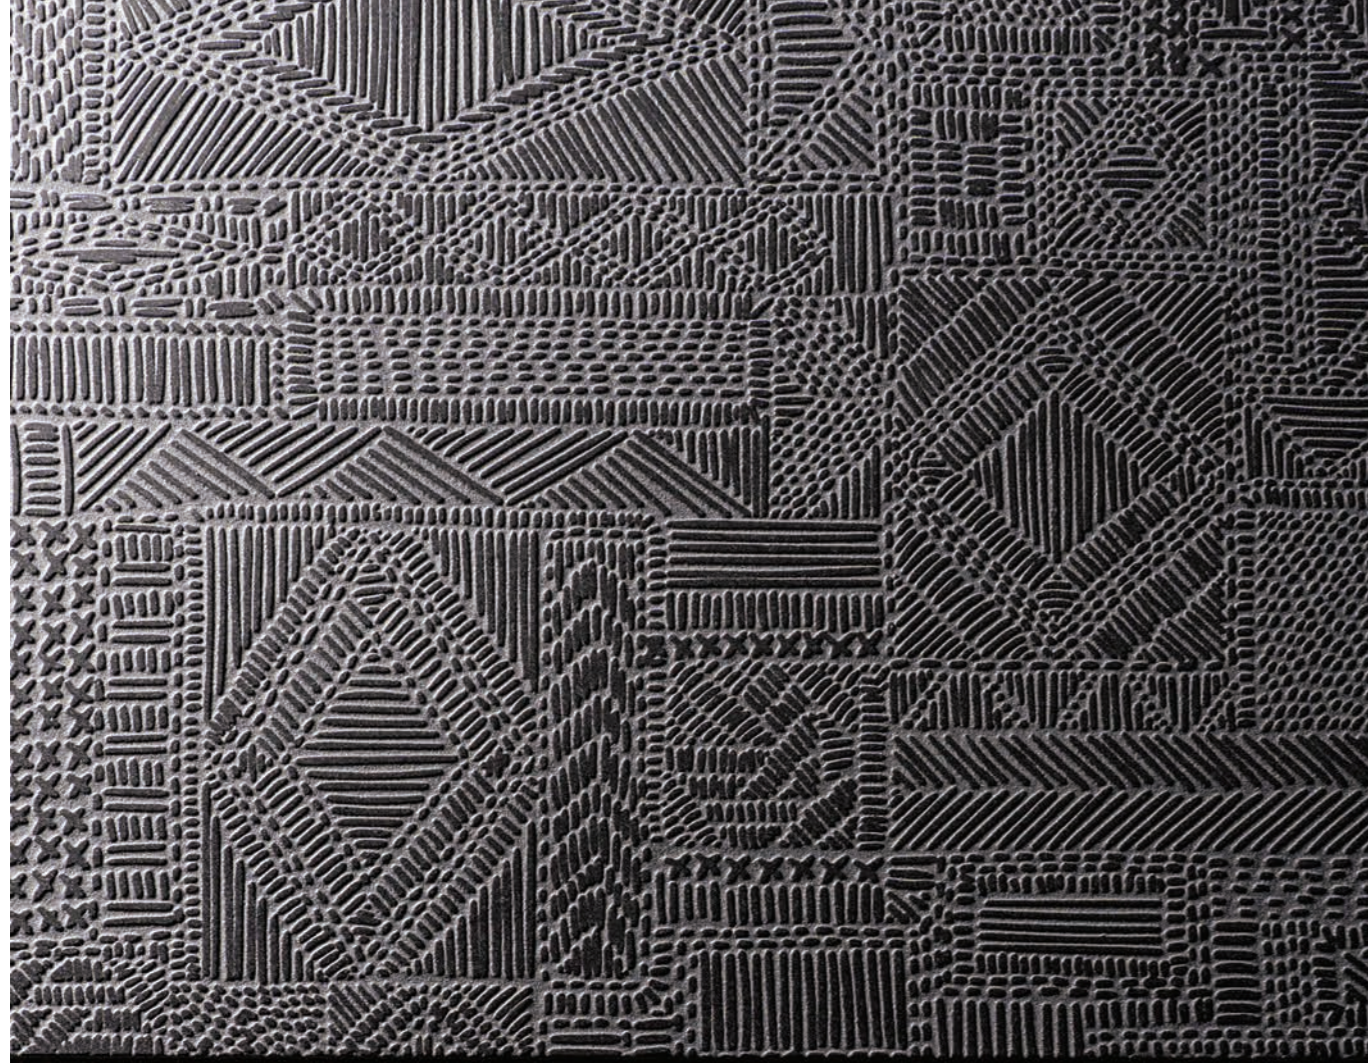

matter that matters

I pattern delle collezioni Trame di Pietra trovano applicazione anche **sul grès porcellanato full body**, che trasformiamo con le stesse tecniche di micro-incisione utilizzate su marmo e pietra naturale. Effetti decorativi tridimensionali che danno forma ad **una innovativa interpretazione di superficie in grès**.

Dopo il lancio della linea “basic”, Trame di Pietra dedica una nuova linea al colore con quattordici novità cromatiche. Infiniti effetti, infinite combinazioni per una nuova inesplorata dimensione.

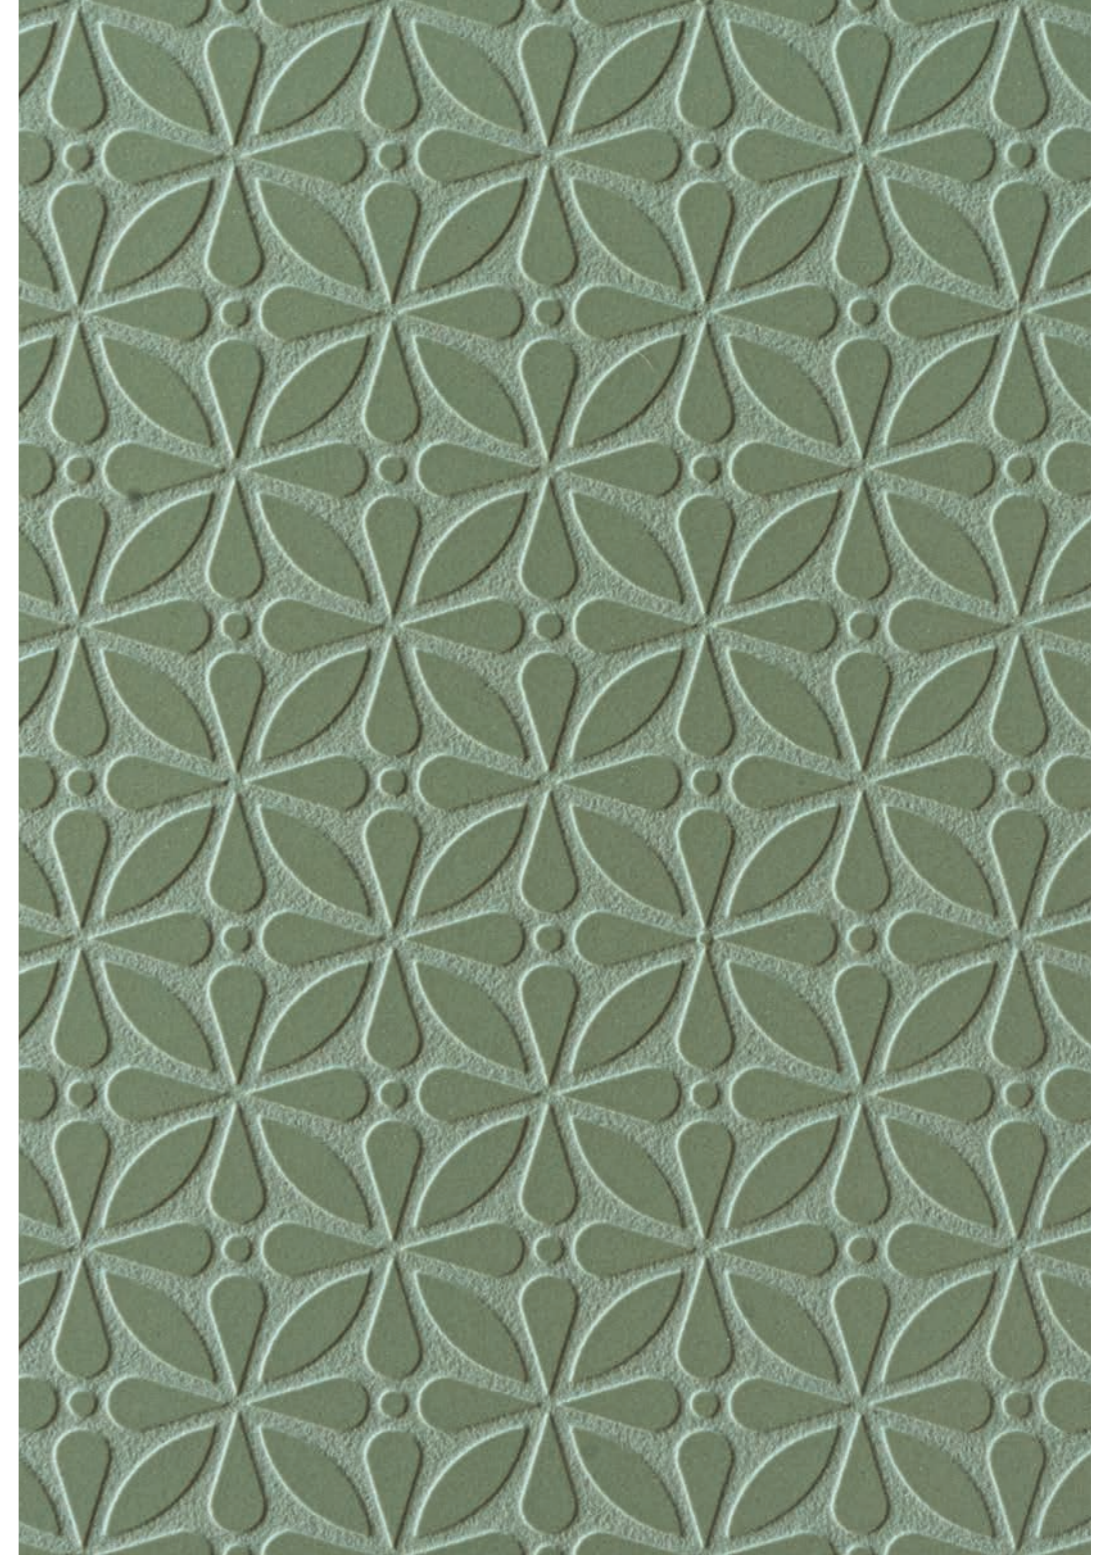

Trame di Pietra patterns can be engraved also on **full body porcelain** tiles through the same micro-engraving techniques we use for marble and natural stone. The three-dimensional textures shape the material and give **an innovative interpretation of porcelain surfaces**.

After the launch of “basic” line, Trame di Pietra crates a new line focused on color with a chromatic palette of fourteen options. Unlimited effects, unlimited combinations for a new unexplored dimension.
